Do you know the definitions of these key exam words?

- Define - Give the meaning. This should be short.
- Evaluate - Give an opinion by exploring the good and bad points. It's a bit like asking you to assess something. Attempt to support your argument with expert opinion
- Analyse - Explore the main ideas of the subject, show they are important and how they are related.
- Compare - Show the similarities (but you can also point out the differences).
- Comment on - Discuss the subject, explain it and give an opinion on it.
- State - Write briefly the main points
- Justify - Give a good reason for offering an opinion

- Did you get them right?
