Summer Work- An overview for our course. Britain 1851-1964

1. Please produce a timeline from 1851-1964 of governments, leaders and elections. It is up to you how this is designed. It is for you to think about the change that has taken place and a guide for you to refer back to.

2. Britain in 1851. Research into this time in British history. You can find out about the economy, cities, the population, trade, wealth, the poor, the voting system, transport and anything else you find interesting.

Using the following slide or a design of your choice, record your findings.

3. Please watch Jeremy Paxman. The Empire
