

Adolescents' Use of AI

Opt-out for Parents & Carers With respect to their Child's Participation

UCL Research Ethics Committee Approval ID Number: LMS REC - 2026-2263

Full Project Title: Adolescence, Chatbots & AI Intimacies: Cognitive Behavioural Critical AI Literacies to Counter AI Dependency

Department: Research Department of Clinical, Educational and Health Psychology & the Institute of Education (IOE), UCL

Name and Contact Details of the Researcher(s):

Dr Marc Tibber (m.tibber@ucl.ac.uk), Professor Jessica Ringrose (j.ringrose@ucl.ac.uk)

Thank you for considering your child's participation in this research. If you have any questions arising from the Information Sheet or explanation already given to you, please ask the researcher before you decide whether to allow them to participate. You will be given a copy of this form to keep and refer to at any time.

Your child will automatically have the opportunity to take part in the research unless you complete this opt-out form. However, your child will also be provided with a separate (age-appropriate) information sheet and given opportunities to ask questions before they are asked whether they would like to participate.

I confirm that I understand that by ticking the box below I withdraw consent for my child to participate. I understand that it will be assumed that an unticked box means that I consent to my child participating in the study. I also understand that if I do not return this form or contact the research team, I consent to my child participating in the study.

Item number		Tick Box
1.	I do not consent to my child participating in any part of the study.	

If you are happy for UCL researchers to contact you about other studies, tick one box:

Yes I would be happy to be contacted in this way

No, I would not like to be contacted
