

The James Rutterford Trust Fund

Application for Financial Assistance

The James Rutterford Trust has been running since 1993 to support students of Prince William School. The fund relies on donations from local people and organisations.

The trust is targeted at families who need financial support to enable their children to either, take part in school activities, or, to provide equipment to aid their study or to support out-of-hours school activities.

In the case of equipment, the school will make equipment available to students but will retain ownership of them in some cases i.e. books.

The trust does not usually grant the whole cost of an activity or purchase of equipment and would expect a donation towards the cost.

Please attach a copy of your benefit letter if you receive benefits AND a letter to support your application, explaining your circumstances. If this is not enclosed we will be unable to process your application. We may need to get further clarification from you in some circumstances. If you have any queries please contact myself, Julie Dunn, via email
