FFT Aspire – Initial Analysis for 2022

FFT is a national charity which analyses data from schools across the country to provide an estimate of how schools have performed in relation to other schools nationally.

The report for 2022 for Prince William indicates an overall ‘value added’ measure (as indicated in the top line of the ‘School Value Added’ column of the table below) of +0.3 which means that they estimate that our students achieve nearly a third of a grade higher in all their GCSEs, on average, than they would have done in other schools nationally, given their prior attainment.

	School Attainment	FFT Nat. 2022	FFT Nat. 2021	School Value Added
