Dear parents and carers,

As we move forward into the new academic term, I am pleased to inform you of the extra-curricular opportunities available to our students this academic term.

By signing up to take part in one or more of our extra-curricular activities your student will be able to enhance their school experience, meet new people and develop their character. Each of our extra-curricular activities are aligned with our school values of **responsibility, ambition** and **respect** and we are pleased to be able to offer such a diverse range of activities with thanks to our staff and members of the community that make this possible.

To attend an extra-curricular club, revision session or academic intervention students will need to register for the club on Arbor, inclusive of 6th form. As a parent/carer you will then be able to see their attendance on the Arbor app to help with scheduling. **If a student has previously registered for a club and would like to continue attending, they will need to re-register this term.** After school sessions will be available for sign up from 4.30 pm today and will begin on Monday 12th January. If a student does not attend an extra-curricular club for 3 consecutive weeks, they will be removed from the register to ensure fair access. Once registered for a revision session or academic intervention students will remain on the register for the remainder of term. The full schedule, including finish times for after school activities can be found overleaf and more details about each club, including their location within school will be available on Arbor.

To support our students in attending after school clubs a public bus (insert information) attends the school at 4.30pm which services the towns of _____.

Some information on how to sign up to clubs on Arbor can also be found overleaf.

Best Regards
